Re: Termination of Administrative Agreement

Mr. Jordan,

I have reviewed your most recent report, dated February 19, 2016. As I stated in my last letter to FedBid, I commend FedBid for the way the company has embraced the terms and spirit of the Administrative Agreement (AA). Given the excellent progress achieved by FedBid, I am satisfied there no longer exists a need for the AA. Accordingly, the AA is terminated.

Notwithstanding the termination of the AA, it is my hope FedBid will continue to promote a robust risk-based compliance program, as well as a strong ethical culture as a core feature of its business operations.

Sincerely,
